

## Acknowledgements

It is thanks to the support of the British Mycological Society that a chance conversation about the lack of books on fungi for children resulted in the concept of this book becoming a reality.

In transforming my original manuscript through various stages to its final form, I would like to thank, in particular -

Eveline and Steve Kinnaird and Sheena Bowman for their computer expertise and technical assistance with the layout

Pam Ross and other Wildlife Centre Rangers for constructive content suggestions

Philippa Johnson for painting the watercolour illustrations

The BMS Advisory Group and many other individuals for their positive encouragement along the way.

Maggie Hadley

Here are the answers to the Mushroom Wordsearch:
